

Dear Customer,

January, 2021

Thank you for your inquiry regarding Grace Technologies' actions with respect to REACH. Please be advised of the following:

Under the structure of the REACH regulation, Grace Technologies is a supplier of "articles" to our EU customers. We do not manufacture or supply "substances" or "preparations" and our articles do not involve the "intentional release of substances." Ergo, we foresee no registration or pre-registration obligation for the products we supply. Grace Technologies' articles do not contain Substances of Very High Concern (SVHC) above the threshold value declared as per ECHA January 2021 candidate list with 211 SVHC.

Please feel free to contact us directly should you have further questions.
